

At St. Paul School of Ann Arbor, our dedicated teachers provide a rich, Christ-centered education that fosters growth in faith, discovery of truth, and the building of strong connections. Tuition is assessed to sustain this level of excellence and remains competitive among private Christian schools in Washtenaw County and surrounding areas.

For the coming year, tuition reflects rising costs, including an anticipated 11% increase in health care, as well as our ongoing commitment to increasing compensation for our teachers and staff. Tuition assistance is available based on need and the availability of funds.

Thank you for your continued trust and partnership.
